I support the "Preferred Alternative Plan" as presented in the DOE draft Hanford Remedial Action Environmental Impact Statement and Comprehensive Land Use Plan (Wahluke Slope to U.S. Fish and Wildlife Service).

The Fitzner-Berhardt Arid Ecology Reserve should be retained under the U.S. Fish and Wildlife Service management. DOE should also transfer the McKee Ranch area near Vernita Bridge and the islands in the Hanford Reach to the U.S. Fish and Wildlife Service.

I oppose grazing on the Hanford Site.

The only mining on the Hanford Site should be restricted to what is needed for clean-up of contaminated areas.

I believe a separate Record of Decision needs to be made by DOE as soon as possible on these critical habitats on the Wahluke Slope, McKee Ranch, Arid Ecology Reserve and the Hanford Reach islands.
